San Carlos Man Wins Federal Contract

Associated Press, Washington, announced today that the War Department has awarded a contract to Lee Merrill, Old County Rd., San Carlos, for construction of firewall alterations in San Joaquin County warehouses. The contract is for less than $50,000 and will be supervised by the Sacramento office, army engineers.

ESTATE TO WIFE

Samuel Knight, prominent attorney who died Jan. 28, left his entire estate, valued in excess of $10,000, to his wife, Mrs. Mary H. Knight of Burlingame, according to a holographic will filed in superior court at Redwood City.

JOHNS-MANVILLE AT WAR

A report to the public for the year 1942

★

THE WORLD now knows the job that was done in 1942 by American industry in producing the weapons with which we are fighting to Victory.

One of the greatest miscalculations of the Axis leaders was their estimate of the productive potential of that dynamic force we call American Business. They did not understand how readily the skills and abilities of workers and management, developed under freedom and democracy, could be converted to making weapons of war.

How American Business operates—how it has grown to be our great bulwark of strength through the fair reward for work and initiative, and the constant investment of new capital in new ideas and new machinery—is best reflected in the annual reports of the thousands of companies which comprise it.

For this reason, Johns-Manville—as a typical American company—is reporting this year not only to its stockholders and employees but also to the public, the highlights of our first full year of wartime operations:

★

Total Income	**$108½ million**	**100%**
Used for all costs of doing business (except those shown below), including depreciation, depletion and reserves for war contingencies	**$ 49½ million**	**46%**
To employees for salaries and wages	**$ 37 million**	**34%**
To government for taxes	**$ 16½ million**	**15%**
To stockholders in dividends	**$ 2 million**	**2%**
[illegible] business	**$ 3½ million**	**3%**

★

★ In 1942 Johns-Manville produced the largest volume in its 85-year history. Measured in sales, production was 75% greater than in 1940, and 16% greater than a year ago.

★ Wages and salaries were 23% greater than in 1941. Employees numbered 15,200—slightly less than the year before.

★ Taxes were equivalent to $19.65 per share of the common stock or over $1,098 per employee.

★ Earnings after taxes were 5¢ per dollar of total income, compared to 6¢ last year.

★ Dividends of $7.00 per share were paid on the preferred stock, and $2.25 per share on the common stock.

★ The first shell and bomb-loading plant to receive the Army-Navy "E" Award was built and is being operated under Johns-Manville management.

★ Over 2700 J-M men are in the armed forces of the United Nations.

★ More than a thousand products manufactured by Johns-Manville are now serving our armed forces and our war industries.

Johns-Manville is now at peak operations with all of our energies focused upon record war production until final Victory. When the war is won, we pledge to the public that again we will produce more and better things for the kind of better living for which our country is fighting.

Lewis H. Brown
PRESIDENT, JOHNS-MANVILLE CORPORATION

These are a few of the products coming off the Johns-Manville production lines: *Insulations for ships, steel mills, synthetic rubber plants and other vital war industries; packings, gaskets, brake linings for war machines; building products for war construction; Celite products for camouflage paints; asbestos fiber; bombs and shells.*

Those desiring more complete information **should refer to a booklet containing the formal Annual Report to Stockholders which we will be glad to furnish on request. Address, Johns-Manville Corporation, 22 East 40th Street, New York City.**

10 Horse-Drawn Vehicles Will Aid Bay Meadows

When Bay Meadows opens its 25-day spring meet Saturday, at least 10 large horse-drawn vehicles will be on hand to take fans in San Mateo to and from the track, it was learned last night as the California Jockey Club petitioned the San Mateo City Council for permission to operate horse-drawn vehicles over city streets.

A. L. Vollman, who conceived and produced the "Cavalcade of America" panorama at the San Francisco 1939 fair, represented the Jockey Club at last night's meeting and told the council that the number of vehicles had been raised from 3 to 10 due to the enthusiasm with which the plan is being met everywhere.

"The eyes of the racing world are on this meet," he said, "and we're going to show them that we can have a successful race and not use one bit of rubber. The parking lots are being closed off and even the track officials will not be able to use them."

The color of pioneer days that accompanies hayracks, stagecoaches, tally-hos and other such vehicles as will be used in San Mateo during the meet will reach the rest of the country, Vollman continued, as four motion picture newsreel services will be in San Mateo Saturday to film the initial procession. Vollman extended an invitation to Mayor Edward J. Reilly and other council members to be in the parade Saturday at 10 a.m. when the movies will be made.

Lake Association Names Director

E. E. Anderson was elected to fill the vacancy on the board of directors of the Highland Park Improvement Assn. when the board met this week at the Richard tum Suden home. Anderson succeeds Menhart-Stern, formerly of Oak Knoll Dr., who has moved from the district.

The directors voted to appeal to the state legislature for amendment to state statutes providing police patrol for such unincorporated areas as Highland Park. The association considers present police protection inadequate.

The directors also heard a report from H. R. Chapin to the effect that there has been very little co-operation in the share-the-ride program.

S.F. Supervisors To Discuss Cow Palace

The much-debated question of whether the Peninsula's Cow Palace shall have its directors only from San Francisco and San Mateo counties or from other counties as well will come up for more discussion when the San Francisco Board of Supervisors meets March 1, it was announced today.

The Parkman and Call bills, now pending at Sacramento, would authorize governor Warren to name three Cow Palace directors from other counties than San Francisco and San Mateo to the eight-member board.

Director Fred D. Parr told the supervisors' committee on state, county and national affairs that the livestock board has voted 6 to 1 against the change.

U.S. May Expand Maritime School

SAN MATEO — Possibility of still further expansion of the Merchant Marine Basic Training School at San Mateo Point was seen today when Comdr. Ralph M. Sheaf announced that 10 acres of land adjoining the school property are being surveyed with a view to acquiring them.

Sheaf also said that plans are being made for an Olympic-size swimming pool at the school, which will not be started until after July 1, and that foundation forms are now being laid for the two new barracks and new administration building to be erected.

SERVICE FLAG: San Carlos Pays Tribute to 4 Teachers

SAN CARLOS—As a climax to a patriotic pageant given at a special assembly, students at San Carlos School glimpsed for the first time the school's service flag bearing four stars for the four teachers now in the service of their country.

Two of the teachers—Herma Johnston of the WAVES and Carolyn Lewis of the SPARS—now are at Smith College training for their commissions in the nautical services. The army has claimed two of the teachers—Gabriel Hausladen, who is in Hawaii, and Harold Stiller, stationed at present at the San Francisco Presidio.

Formal presentation of the flag will be made at the next meeting of the San Carlos Parent-Teacher Association, Superintendent Clark Robinson said today.

The pageant, "Our United States," depicts the growth of the nation, culminating in a tribute to those now serving their country. Leading roles in the pageant were assigned to Paul Barstow, who played Uncle Sam; Ronald Ferrario, as Benjamin Franklin; Leon Laughlin, George Washington; Jerry Milner, Abraham Lincoln; Russell Pinkerton, President F. D. Roosevelt; Dorothy Reynolds, nurse in World War I.

Teachers assisting in the program were Amy Silva, Marie Ricotti, Sophie Glazko, Vivian Ratto and Flory Nissim Kuenster.

Toastmasters Hear 2 New Speakers

Two new members gave their first speeches at a meeting of Toastmasters' Club Monday. L. T. Gateley discussed "True American Citizenship," and Earl Carter asked "Can You Take It?"

The three other speakers were James Hagan, "Put Your House in Order"; Guido Brandolini, "Facts on Point Rationing"; and Dr. William Gordon, "The Three Graces."

Rudolph Kalenborn was chairman, Dr. Virgil Anderson, critic.

S.C. Bus Proposed

SAN FRANCISCO—R. F. Martin asked the railroad commission Tuesday for permission to establish bus service in a territory surrounding and between Redwood City and San Carlos. He set forth he would carry no through passengers between the cities, and therefore would not be in direct competition with any existing facility. Three routes were sought.

The area includes industrial plants.

Martin proposed to charge 10 cents one way to all points, and offer a 14-ride book for $1. The book tickets would not be valid east of Bayshore Hwy.

San Franciscan Pays $10 Fine

Amleto Stoppa, San Francisco, who was found guilty Thursday in Redwood City police court of shooting a dog on Upland Dr., Emerald Lake, was fined $10 by Judge Edward J. Ryan, sitting for Judge Edward I. McAuliffe. Stoppa paid the fine.

Stoppa was caught shooting a dog by Dep. Sheriff Eugene Cerqui, Jan. 24, from the home of Stoppa's father-in-law, Marino Filipponi, 3362 Upland Dr.

WE RECOMMEND FOR DISTINGUISHED WARTIME SERVICE

CALIFORNIA WOMEN on the Farm

Heroines! Our farm women of California won't say so. But they are!
Up at black dawn. Putting on the uniform of WORK . . . khaki or blue denim—copper riveted.
Hair in a bright bandana. Complexion by Nature—the great cosmetician.

Mothers and daughters working the acres on the home place. Brothers and cousins and neighbor boys off to war.
Soil to be turned, seeds to be sown and crops to be harvested.
And there are always the house to tend and meals to prepare.

That's the California farm today. Sun-up till the last chore is done. The job is BIG.
Food for Freedom. Fighting food for fighting men. Food for Health for a Nation at War.
The pay is BIG. It is pay in Satisfaction of a job well done.
It is pay in Pride that swells the heart — big as all Humanity.
It is pay in filling the bellies of Liberty Ships.
It is pay when a tired, stubble faced boy grins and says, "Hot diggity—California peaches!"

Such are our smart, modern women on the farms of California. They watch sun-up brighten the skies and see there the promise of America at Peace. They see ahead the new developments which will add to the comforts and conveniences and labor-saving devices now in their homes and on their farms. And waiting for Peace are television, marvels in new lighting, wonders in glass and plastics. California will have a great share of these things, you may be sure.

'Outlaw' In Second Week

Howard Hughes' production of "The Outlaw" entered its second week today with every sign indicating that the business which marked the opening week will continue. More than 19,000 persons saw the million-dollar production during its first week at the Geary Theater, thus establishing a record never before enjoyed by any motion picture.

The production, which has precipitated one of the widest controversies in the history of the film industry, introduces Hughes' two new stars, Jane Russell and Jack Buetel, who were selected from thousands of other unknowns to portray the leading roles in the picture, which was personally produced and directed by Hughes.

"The Outlaw" marks the return of Hughes to motion picture ranks after an absence of 11 years. It was that long ago he produced and directed "Hell's Angels," which introduced Jean Harlow. The only other controversy to equal the wide discussion which is attendant upon the showing of "The Outlaw" was that of "Hell's Angels" which, although made 11 years ago, is still running throughout the country.

Jane Russell and Buetel head a cast which includes Thomas Mitchell and Walter Huston.

Sequoians Show Enthusiasm For Growing Own Gardens

More than half of Sequoia High School's 2000 students either have started victory gardens or plan to do so immediately, Otis M. Carrington, chairman of the student-faculty victory garden committee, announced this week following a poll of students.

Already caring for vegetable gardens are 597 Sequoia students, with 405 more planning to grow food products in their backyards or in the nearest available vacant lots. Sixty others reported that they are definitely interested in the victory gardening plan and want to know more about the subject.

Sequoia plans to assist the students in growing much of their own food and will furnish healthy plants at cost.

Home gardening classes under the supervision of Mrs. Louise Barker, assisted by Richard Mackintosh, head Sequoia gardener, will raise the required plants in flats. Students will be able to purchase the young plants at cost, but they will not be available to non-students or to students who fail to register their gardens.

Already on order with the classes, Carrington said, are 100 dozen tomato plants, a like number of lettuce plants, 50 dozen each of green peppers and cabbages and 25 dozen each of egg plants and celery. In addition to these orders, there are several smaller ones for other varieties of vegetables.

Each flat will be supplied to the student with printed leaflets giving instructions on the proper transplanting and care of the vegetables.

As an added spur to the victory garden campaign, Carrington said, will be a contest to run through the school year and into the Summer, when, at the peak of the season, the gardens will be judged, not on their output but upon their appearance and the health of the plants. Students will not be required to enter the contest, but if they wish to participate, they will register, he added.

Hugh Smith Faces OPA Price Charges

Hugh H. Smith of San Mateo, former chairman of the San Mateo County Board of Supervisors and former mayor of Daly City, today faced three charges of price violations at his Mission Auto Court in San Francisco, according to suits filed in San Francisco federal district court.

The action by the Office of Price Administration was the first taken on the Pacific Coast against auto courts, and specifically accuses the Mission Court of charging illegal rates, false registration, and failure to post prices with OPA.

Smith, co-owner with J. L. Vasey of the auto court, said today he was dumbfounded by the charges. "The first I heard of it was in the morning press," he said. "I don't know of a single violation we've made. We've maintained the same rates since 1938 and have never taken advantage of a price jump during all that time."

Supervisors Approve Health Board

In a move as startling as it was swift, San Mateo County Board of Supervisors Tuesday unanimously ratified the appointments made by County Executive Frederick Peterson to the county board of health and welfare.

Appointments were made by Peterson before the Feb. 6 deadline, as provided in a recent charter amendment, but the names were kept secret until this morning's supervisors' session.

Dr. A. E. O'Neill, Redwood City dentist who was formerly chairman of the board but who recently resigned to give Peterson a "free hand" in the selection of a new board, was reappointed. Dr. N. D. Morrison Sr., San Mateo physician, who also had been a member of the board, was appointed to the new board.

Others appointed were Dan O'Connell, partner in the Patterson & O'Connell Funeral Home in San Mateo and a former deputy coroner, layman; Dr. H. W. Macomber, Burlingame physician and member of the Burlingame City Planning Commission; Dr. E. W. Cleary, Burlingame bone specialist, and Louis J. Czapkay, president of the plumbers' union in Burlingame, sanitary engineer.

Terms of the health board members are four years each. The board had not met for two years.

Farmers May Win 'Incentive Pay'

San Mateo County farmers may now earn federal "incentive payments" of $50 an acre for increasing production of certain fresh vegetables, D. T. Campbell, county agricultural adjustment administration committee chairman, said today, announcing complete details of the new program.

The county committee, assisted by growers and community committeemen, will set a goal of increase for each farm, Campbell said. Payments will be made on the acreage above 90 per cent of the goal, with 110 per cent as the maximum on which payment will be made.

Crops planted between Feb. 1 and Sept. 1 and intended for the fresh vegetable market only will be counted.

HOWARD CASE: Wife Says Charges Too 'Ambiguous'

Mrs. Anita Zabala Howard Monday answered the charges made by her ex-husband, Capt. Lindsay C. Howard, that she was an "immoral and adulterous" woman with a plea that his charges were too "ambiguous, unintelligible and uncertain" to be dignified by a denial.

The action is before the San Francisco Superior Court.

Mrs. Howard is being sued by the former Hillsborough resident for nullification of the $1250 monthly alimony, return of $51,250 alimony already paid, and custody of the couple's three minor children.

Howard's charges, filed last week by Atty. Walter McGovern, accused his former wife of misconduct in San Mateo, San Francisco, Mendocino and Montery Counties and Mexico and Nevada with "various and sundry" men.

Mrs. Howard's answer, filed by Atty. Charles Stark, asked that the charges be thrown out as "irrelevant and redundant, sham and scandalous."

She also asked that his cross complaint to her action for unpaid alimony be overruled for failure to name the specific times, places and men with whom the alleged immoral acts occurred.

Her demurrer indicated that she considered Captain Howard an unfit person to have custody of the children, but that she might, if necessary, favor letting them decide for themselves.

Fire Threatens Meadows Stable

SAN MATEO—San Mateo firemen were called to extinguish the second Bay Meadows stables fire in two weeks, when early Sunday morning flames again broke out in one of the barns on Pacific Blvd. south of the race track.

The fire, which started about 5:30 a.m. Sunday in Barn J, was soon extinguished, firemen reported, with minor damage. The blaze apparently started in the sleeping quarters of the barn, where flaming bedding, mattresses and trunks were discovered and dragged from the building. The building, which is used for storage of feed, stabling and sleeping quarters, housed five horses at the time of the blaze, belonging to Charles Rinson, 123 South Claremont Ave., San Mateo.

His Needs Come First!

For years, Americans have been the world's most active telephone users. To maintain and steadily enlarge the Nation's network of Long Distance lines calls for huge amounts of metals and other materials.

Now those materials have gone to war. For "the duration," the telephone network must get along with about what it has. The soldier with his portable telephone in Africa, the marine with his rifle in the Solomons, the pilot over the Aleutians, need copper, steel and other things – need them more than their fellow-Americans do at home.

Because more telephone lines cannot be built at this time, we make this request:

To the places that are busy with war work, please make only Long Distance calls that are *vital*.

For your understanding and continued aid—our thanks!

Ways to Make Your Meat Go Farther

Making that quota of meat stretch to take care of all those meals is a new experience for most homemakers. At first it may seem like quite a problem. But when you consider that there are so many ways to make that portion of meat go a little further without loss of taste appeal or sacrifice of nourishment, then it doesn't seem to be such a problem after all.

Supplementing Meats with other protein foods is one of the easiest ways of adhering to the quota. Try serving a half a portion of meat, and adding some other protein food such as cheese, eggs, beans, whole grain cereals, pastes or nuts. Nutritionally speaking, you've sacrificed nothing. As for satisfyingly good meals, your family will welcome the change.

MEAT SHORTCAKE — Combine small pieces of precooked meat, any kind is right, in gravy made from drippings or in a cream sauce that has been spiked with a dash of meat sauce. Serve it over piping hot biscuits made from enriched flour. Try it over mashed or baked potatoes or steamed rice, too. It's a way to stretch a little bit of meat a long, long way. And to make the meat go still further, add grated or cubed cheese or chopped, hard-cooked eggs to the sauce. It's got lip-smacking goodness.

PASTES TO THE RESCUE — Combine meats with noodles, spaghetti, macaroni, or one of the other pastes in casserole dishes to make a little go a long way. Any kind of meat including vitamin-rich liver, heart and kidney can be used.

CHILI—No doubt about it, chili is a hearty dish. If you've been used to making it using only beef as the meat, then change your style and use any of the other meats or fowl that are available. Not much is needed because the beans contribute a share of the protein.

RICE CASSEROLES—A little meat goes twice as far when fixed in rice dishes. Cheese, rice and meat are a happy combination, and there's rib-sticking qualities there, too.

THE SOUP POT—Grandmother had one on the stove all the time. Into it went every bone, meat trimming or stray piece of leftover meat. The result was a rich soup stock. Try it. It's a meat conservation idea that will carry your family meat program through another day at least. For body, toss in a few beans, vegetables or noodles. Or make the soup with dumplings. It will turn out to be a main course soup hearty enough to supply that needed energy.

A working knowledge of NUTRITION is a "must" these war days

War times have made it difficult to plan a meal without slighting some of the vitamins, minerals or other foods essential for a balanced diet. But if you know your foods and what each contributes to the daily needs, then supplementing the menu becomes a pleasant game.

To help you with your many wartime meal planning problems Julia Lee Wright has prepared a "Kitchen Course in Nutrition." Besides taking nutrition out of the technical class and making it interesting and usable in the kitchen, this correspondence course in nutrition shows you how to check your daily meals so that you can be sure, regardless of rationing, that your family is getting its full quota of food essentials.

There's everything you need to know in the ten lessons, that are mailed weekly, for ease in studying . . . 100 pages in all. Send for your course today, and enclose 25c for the cost of mailing. You'll find it valuable day in and day out.
